OUTOFSTATECOVERAGE

If you receive care in another state, BCBSM will make every effort to get you the lowest cost and to make filing easy. If you see a doctor in the state who participates with that state's BlueCross BlueShield plan (BlueCross BlueShield of Minnesota is a separate organization), you will get the services at whatever cost the local plan has negotiated. Often, you will still have to send BCBSM an itemized billing with your group and contact numbers, but the hospitals will generally file with the local plan for you. BCBSM will assist you if you need help with these situations.

CHIROPRACTICCARE

The BCBSM plan pays chiropractic care at the same rate as care of an M.D.

It is to your advantage to use a participating chiropractor. (See next paragraph)

PARTICIPATINGORNON-PARTICIPATINGPROVIDER

In Minnesota, all participating doctors, hospitals and chiropractors will accept our allowed amount as the most they can charge. They will not balance bill for the charges over our allowed amount.

This saves you money. If you go to one of the very few doctors that have no contract with us, you may need to file the claims, handle the prior authorization and pay any balances over the allowed amount.
